

# ALLEGED DOPE SMUGGLER CAUGHT

## Daly City Record

Published Thursday

DALY CITY, SAN MATEO COUNTY, CALIF., THURSDAY, FEBRUARY 5, 1948

VOL. 45, NUMBER 1

### Man and Beast To Join Forces In Frolicsome Tilt

This I gotta see!

I've carried on a conversation with a parrot, and I've viewed some pretty smart-acting monkeys, but I've yet to see any four-legged members of the animal kingdom play ball.

But that's what they tell me is in store for the Daly City public next Wednesday in the Jefferson High School gym.

Stanford Hannah, high school principal, yesterday announced to assembled undergrads that two "donkey" basketball games will be played in their gymnasium Wednesday night.

The game, he insists, is just what its monicker implies. Five trained basketball players, mounted on five equally trained donkeys, compete with a similar team of hoopers and "leg-men" in an authentic game, observing all the standard rules.

One game will see the school's faculty men in competition with the Daly City Colma Lions Club, and another will feature the Daly City Ringers versus the Colma Boys' Club.

Admission will be 40 cents to students and 75 cents for older observers.

Yuk, yuk! Can't wait to see those lean and lanky forwards dangling over their squat burrows. The game will be a test. Can a faculty man maintain his dignified appearance astride a donkey?

### WIDOWS, CHILDREN OF DECEASED VETS GET EDUC. AID

Many children of veterans who died as a result of war service do not realize that they may be entitled to financial assistance from the State of California while attending high school and college, in addition to any federal compensation they may be receiving, Floyd D. Granger, Veterans Service Officer, said today.

State aid of \$20 a month for high school or \$40 a month for college or trade school is provided by the State Veterans Dependents Educational Act. This assistance also is available to widows of deceased veterans under certain circumstances.

Those eligible are widows and children of servicemen who were killed in service during either world war, or who died later as a result of a war service connected disability.

The servicemen need not have entered service from California, but the widow or child must have resided in the State for five years at the time of application. A child is eligible to apply only between the ages of 16 and 21, but once approved may continue to receive benefits after the maximum age.

Granger urged widows and children of deceased veterans to call at the Veterans Service Office, located in the Courthouse, Redwood City, for a full explanation of the state educational act as well as the numerous other benefits offered veterans' survivors by federal and state laws.

### Co. Community Chest Elects 1948 Officers

Captain L. G. McAuloney of Burlingame, erstwhile secretary-manager of the San Mateo County Community Chest, tendered his resignation this week at the chest's election meeting in Burlingame.

McAuloney, who founded the County War Chest during the war to raise money for relief agencies, has been active ever since in pushing the yearly drive contributions over the quota.

He will be succeeded by James L. Porter, also of Burlingame, who was elected to the chest's presidency at the meeting.

Other officers elected to serve during 1948 were Charles Shattuck of Burlingame, past president of the chamber of commerce, and A. H. Sagehorn of San Carlos.

### D.C. BALL CLUB ARE NOW CHAMPS IN AA SERIES

The Daly City Baseball Club soared to the heights of the Recreation Winter Baseball League last Sunday by taking the American League championship game in the Class AA series.

The new champs won the second game of a three-game championship series by outscoring Buzz's Shamrock's 17-14 on the Father Crowley diamond.

Although both teams scored in a heavy hitting spree, Daly City edged out in front to win. Batting honors go to Sylvestri, Garner, Fazio, Krohn and Schultz for their fine hitting.

The score was 14-13 in the seventh inning, when Pezzola got on base on an error. Garner hit to center to score Pezzola from second to tie the score. Krohn sacrificed to advance Garner to second; then Sylvestri hit to right to advance him to third. Dick Schultz, star third baseman for the Daly City club, came up with a home run to left center to put the team out in front by the final score.

In the first of the championship games, the Daly City nine played heads up and kept the lead all the way, winning by 14-9.

Fazio pitched some good ball, allowing only seven scattered hits. Batting honors go to Schultz, batting four for five, and Fazio, hitting four for six. The game provided excitement all the way through.

The local boys went all out in their efforts to win this championship — making it the second time Eddie White's boys have come through to win the championship in the AA loop.

Harry Krohn, veteran catcher, has been an inspiration, keeping them in there plugging in all their games. Congratulations go to Eddie White, Harry Krohn and Pete Lucia for the victory.

The club now will go on to play the winners of the National League, the Newells of San Bruno, in competition for the overall title. The first of the Little World Series will be played Sunday in a 2 p. m. game on Marchbank field.

The team winning two out of three will receive a trophy from the San Francisco Recreation Department.

### The Boy Scout Goal

### Hempstead Named County Assessor By Supervisors

Osmer B. Hempstead of Burlingame, assistant county assessor, Tuesday was named assessor for San Mateo county, to fill the unexpired term of Martin J. Flynn, who died last week.

On an announcement of his appointment, Hempstead said he would hire Flynn's widow, Mrs. Alice Flynn, for the job he is vacating. Mrs. Flynn had also been in the race for assessor.

Hempstead will receive \$6500 yearly, while the assistant's job pays \$429 a month.

The appointment was approved unanimously by the board of supervisors.

### Crocker PTA Fetes Elementary Grads With Luncheon

Graduating students of Crocker elementary school were entertained last week at a luncheon given in their honor by the school's Parent Teacher Association.

Games and singing were the afternoon diversions, with Mrs. Celia Hale supervising play.

Preparation and serving of the luncheon were in the hands of Mesdames Frances Haussler, Emma D'Isip, Betty Kohlbrener, Mildred Seiler, Eve Hobbs, Carol Freeland and Edna Mullen.

Mrs. Seiler was responsible for table decorations and favors.

### Jadwiga Curtin Files New Trial Motion In Court

Jadwiga Curtin, convicted of manslaughter last week in the slaying of a Palo Alto man, has filed a motion for a new trial on the grounds the verdict was contrary to law and evidence.

The motion was filed by Robert dell' Ergo, partner of Mrs. Curtin's attorney, Wayne Millington. It charged that the jury was misdirected in matters of law; that the court erred on questions of law; that the district attorney's office was guilty of prejudicial misconduct; and that the verdict was contrary to law and evidence.

If a new trial is refused, Attorney Millington has signified he will ask for probation, as was handed down in the case of Mrs. Martinelli, Colma housewife convicted of manslaughter.

### SOCIAL SECURITY BENEFITS FOR VETS' SURVIVORS

Survivors of veterans of World War II ought to contact the Social Security office at 22 North B street, San Mateo, if the veteran died after he was discharged. They may be entitled to file claims for survivors' insurance payments, under the recent amendment of the Social Security Act. This amendment gives social security credit for military service, if the veteran died within three years after he was discharged.

### San Brunan Is New Dental Society Chief

Dr. Walter Whitmann of San Bruno is the newly elected chief of the San Mateo County Dental Society.

Whitmann's election came about recently at a meeting in San Mateo. Other officers are Dr. Hector Asturias of San Mateo, secretary; Dr. C. H. Sandridge of San Mateo, treasurer, and Dr. T. H. Masters of San Mateo, president-elect.

Dr. John Tocchini of South San Francisco was elected to the board of directors.

### Missionary To Speak At Nazarene Church Tomorrow

Dorothy Davis, foreign missionary recently returned from Africa, will speak at the zone rally to be held at the Nazarene church, Santa Barbara and Vista Grande avenues, tomorrow (Friday) evening at 7:45 p. m.

Eight bay area churches will be represented at the special meetings held in the afternoon and evening. Supper will be served in the church recreation hall at 5:30 p. m. for those planning to stay for both meetings.

Anyone interested in hearing Miss Davis relate her experiences on the foreign field is advised to come early to be assured a seat, as a large crowd is expected to attend the evening service.

### High School P.T.A. Has Founders' Day Program Feb. 17

The executive board of Jefferson Union High School P. T. A. met at the home of Mrs. Emma D'Isip, 884 Templeton avenue, Thursday, February 5. Co-hostesses for the 12 o'clock luncheon were Mrs. Frances Haussler and Mrs. Frieda Cady.

On February 17 at 7:30 p. m. at Jefferson Union High School Auditorium, the Founders' Day program will be held under the chairmanship of Mrs. Stella Jensen. Mrs. Jensen has been working with the presidents and Founders' Day chairmen of all the P. T. A. units in this district and a most interesting evening is promised to all who can attend.

### Cancer Society Opens New Office

Opening of new and permanent headquarters in the Professional building, 18 Second avenue, San Mateo, was announced today by the San Mateo County branch of the American Cancer Society.

The new office will serve as an information center such as the society maintains in most localities, according to Mrs. Ralph J. Tucker, county commander. It will also be used as a business office, and as campaign headquarters during the annual April drive for funds.

The office, located in suite 223, will be open from 9 a. m. to 1 p. m. during February and March and subsequently from 9 a. m. to 5 p. m. The telephone number, listed under "American Cancer Society," is San Mateo 3-8495.

### Ed Cavagnaro Says Baseball Scouts Like D.C. Talent

Daly City baseball followers will all be happy to hear that a trio of our youngsters has been signed by the various scouts who have been seen around Marchbank Park in recent months.

Fred Fazio, pitcher, former Jefferson High player and World War veteran, reports to Brooklyn. Wade "Lefty" Hazel, pitcher, former Mission High player, also reports to Brooklyn. Both, under the careful teaching of Daly City catcher Harry Krohn, have developed into excellent prospects.

Bill Freeman, pitcher, former Jefferson High player and World War veteran, reports to S.F. Seals. Having watched these youngsters develop from the sand lots right on up, we hope they realize their ambitions.

And if we are any judge of future prospects this only the beginning, as there are several other classy youngsters in our midst ready to blossom out in the grand old game of baseball.

ED. CAVAGNARO

### Margaret Fields Elected Head Of Women's Civic Club

Mrs. Margaret Fields last week was elected to the presidency of the Daly City Women's Civic Club, at an election meeting at the Winchester street home of Mrs. Maisie Boyle.

Other members of the newly-chosen administration are Rose Watson, vice-president; Julia Byrne, treasurer; Marie Pool, auditor, and Ann Eason, parliamentarian.

These women were appointed to serve as committee chairmen: Dora Hulmburg, sunshine; Marie Gehrig, citizenship; Martha Linden, program; Amelia Lewis, property; and Lillie Cavagnaro.

The club, an organization for civic improvement, will hold its annual birthday celebration at luncheon February 19 in the Sky-room of the Sir Francis Drake.

### Coastside City To Be Incorporated

Future incorporation of the first coastside city was seen last week when the Pacific Manor Home Association filed articles of incorporation at the county courthouse in Redwood City.

The 200-acre tract of what formerly was the Rancho Royal, which now boasts 100 homes, will include 750 homes when it is completed. Development of the tract was started in 1946.

The association, after articles of incorporation are approved, will be empowered to enforce tract restrictions, sponsor the building of playgrounds and recreational centers, and provide fire and police protection.

Temporary directors of the area are Axel Waskowiak, Hazel Calkins, E. J. Smith, \$10; Henry Ahrens, \$7.50; Louise Cerri, \$2.50; John Cordeiro, \$17.50; Joseph Cortopassi, \$2.50; Camillo Dameri, \$7.50; Mrs. Richard Frey, \$5; Mike Genise, \$5; George Grosini, \$5; Clarence Jorgensen, \$5; Harold Jacobson, \$5; Lawrence Katz, \$2.50; Henry Logan, \$5; Harry Meyer, \$10; Durant Mosely, \$7.50; Charles Packer, Jr., \$5; Robert Peterson, \$10; William Powell, \$7.50; Raymond Schneffer, \$7.50; Rudolph Witt, \$2.50; Tinnie Greer, \$2.50; William Pazanue, \$10, and Fred Rauthmann, \$10.

Fines of \$2.50 each were paid by Clarence Buck, Ralph Andreini and Oden Hendricks for driving through signal stops, while Richard Mey was fined \$2 for failure to stop at an arterial.

Allen Waskowiak, Hazel Calkins and Augustus Byrnes were fined \$2.50 each for violation of the hill-hold ordinance. G. Ferrando, parking violator, paid \$3.

Other miscellaneous fines were levied on Donald Mayer, \$2.50 for carrying two passengers on his motorcycle, and Julius Frnjak, \$5 for failure to stop while pedestrians were in the crosswalk and wearing no eyeglasses.

### Local Man Hurt In Plane Fire

A Daly City resident, employee of the San Francisco airport, was slightly injured last Saturday when a grounded Trans World Airways plane in which he was working burst into flames on the airport grounds.

Ronald R. Norelius, 1148 Hanoover street, Daly City, and John S. Luiz, Mountain View, only persons in the plane at the time of the fire, jumped to safety from the pilot's escape door to the concrete, 20 feet below.

Mills Field firemen, assisted by Coast Guardmen and two South San Francisco fire trucks, got the blaze under control in 15 minutes.

The fire, which raced through the plane with lightning speed, destroyed furnishings, fuselage lining and other equipment in the forward part of the ship. Officials said it probably was started by a spark touched off by the mechanic who was working on the radio controls at the time.

### S.F. MAN KILLED BY COUNTY DEPUTY IN SHARP PARK

A 39-year-old San Francisco steel worker was shot and killed by a San Mateo county special deputy shortly before daylight Saturday when he allegedly reached for a gun to threaten the law officer.

Elmer Tovia Nettie, 191 Edinburg street, San Francisco, was shot twice in the back of the head and twice in the body by Deputy William Regan, in a Sharp Park gas station.

Nettie, the officer said, had been driving slowly about Sharp Park for about an hour, making frequent stops. He first observed the San Francisco man, Regan said, as Nettie emptied some brussels sprouts and cauliflowers from his car on the outskirts of town.

At one stop, Regan stated, he approached Nettie and was told the man was "about out of gas and waiting for a filling station to open."

Just previous to the shooting incident, the deputy told police, he had forced Nettie into a gas station as he drove by with his lights extinguished.

"Get out, Buster," Regan allegedly said. "I'm going to see what's in that car and trunk."

At the time, the deputy said, he saw a pistol lying on the front seat. As Nettie reached for the ignition keys he leaned back, apparently to grasp the gun. Regan said he slammed the car door against the man, at the same time firing a warning shot above the car.

Regan declared he shouted, "Put it down," and when Nettie continued to turn toward him he "fired point blank at him." Four shots were fired—all hitting their mark.

### Spring Term Is Under Way At S. M. Jaycee

San Mateo Junior College opened its spring semester this week, enrolling students on Wednesday and Thursday and getting classes started this Friday. In addition to the day college classes, the Junior College is carrying on its usual heavy schedule of evening school, or adult center classes, and has nearly four thousand adults enrolled in many evening sections.

The junior college basketball squad continued winning by defeating Sacramento College Saturday, 56 to 51, in the Mateans' gym. The local squad took an early lead and was never caught by the Panthers.

But Goodier, star center, scored 19 points to lead the Matean attack.

This Friday evening San Mateo will play Salinas Jaycee at San Mateo. The Mateans hold one win over Salinas and hope to repeat. At the present time San Mateo is tied with Marin Jaycee for top conference honors.

San Mateo Junior College Patrons Association, formerly the Mothers' Club, held its regular meeting Thursday, February 5 at the Coyote Point Campus, with Mrs. George Bruns presiding.

James Tormey, in charge of the Adult Center, discussed vocational education at San Mateo Junior College. The adult choral group sang a number of songs under the direction of Mrs. Grandville Browning, leader.

As Founders' Day of the Parent Teacher Association comes in February, past presidents of the club were honored guests. A special invitation was extended to mothers of new students who will enter Junior College this term.

### Cypress Druids Plan Whist For February 17

Cypress Circle No. 14, United Ancient Order of Druids, will sponsor a whist party February 17 at the Colma Community Center.

The party is slated for 2 p. m. The public has been invited to play.

### DALY CITY POLICE ARREST TRANSIENT AT LOCAL AUTO COURT

One alleged narcotics smuggler was in custody and her companion was being sought this week as the result of sleuthing on the part of the Daly City Police Department.

### New Leaders Of Rod, Gun Club Seated Last Week

Installation of new officers of the Daly City Rod and Gun Club was an hilarious event last week, with an elaborate banquet, dancing and general merry-making featuring the evening's entertainment.

Jimmy Fox, retiring president, turned his gavel over to Ed Nensell, newly elected chief. Others seated were George Archer, vice-president; Earl Frigmore, secretary; Harold Pursur, treasurer, and Jack Tranberg, sergeant-at-arms.

The evening held interest for all local sportsmen, with awards presented in both hunting and fishing classifications. Al Arnaudo, outgoing sergeant-at-arms, was presented with first prize for his 25 1/4-pound striped bass — the largest catch of the year.

Taxidermist Walt Van Syne, vice-president of the California Huntsmen, presented first prize in the deer-hunting class to Jimmy Fox. Jimmy's four-point mule deer, which topped George Archer's bag by only a small margin, brought him a prize of 500 rounds of ammunition. He also set the record for bagging the largest number of predators.

A heavy schedule of outings has been planned for this year, according to the club's planning committee. Also under consideration is the building of a clubhouse.

Deputized nurses at Junipero Serra hospital found capsules of the drug concealed in her underclothing, according to police.

The arrest was made on investigation of a tip by the motor court proprietor, after he found blood-soaked bandages, used for self-injection by addicts, in her quarters.

Meanwhile, an all-points bulletin was sent out for the arrest of Ernest Perez, 28, suspected head of a huge west coast dope-smuggling ring.

Perez, who is free on bail on a 1947 murder charge, is said to be a stocky 5 foot 8, about 170 pounds, with a swarthy complexion, black hair and brown eyes.

### Two Recreation Games Sunday At Marchbank

The Daly City Baseball Club, winner of the Class AA Championship in the American League, will compete with Newell's San Bruno team, National League champions, in a 2 p. m. game Sunday at Marchbank park.

This is the first in the International playoff series for a San Francisco Recreation Department trophy.

At noon, the younger Daly City Boys' Club will take on the Mission Kiwanis on the same diamond.

### "Meanest Thief" Takes 'Dimes' Can From Creamery

Speaking of candidates for the "meanest thief of the week," local police were in custody today of a 21-year-old localite who is charged with taking a March of Dimes collection can from a Mission street business house.

Wesley R. Walker, 150 East Vista avenue, Daly City, and his 13-year-old companion were arrested Monday for allegedly stealing the can from the Daly City creamery.

The pair was apprehended at the corner of Mission street and Hillside boulevard, where they were found arguing with a waitress from the creamery. The can was concealed under the coat of the younger accomplice, according to police.

The boy, who told police that Walker had urged him to take the can, was turned over to juvenile authorities in Redwood City. Walker will be held to answer in Municipal Court Friday.

San Mateo Junior College Patrons Association, formerly the Mothers' Club, held its regular meeting Thursday, February 5 at the Coyote Point Campus, with Mrs. George Bruns presiding.

James Tormey, in charge of the Adult Center, discussed vocational education at San Mateo Junior College. The adult choral group sang a number of songs under the direction of Mrs. Grandville Browning, leader.

As Founders' Day of the Parent Teacher Association comes in February, past presidents of the club were honored guests. A special invitation was extended to mothers of new students who will enter Junior College this term.

### RETIRING CHIEF OF STAFF AND HIS SUCCESSOR—General of the Army Dwight D. Eisenhower, retiring chief of staff (left) confers with General Omar N. Bradley, who succeeds him. General Bradley distinguished himself in North Africa, Sicily and in the European Theater of Operations where he assumed command of the 12th Army Group. Following the war he became head of the Veterans Administration. General Eisenhower has been named president of Columbia University, New York City.

## ABRAHAM LINCOLN

There is little, if anything that can be said about Abraham Lincoln that has not already been said. But in noting the 139th anniversary of his birth on February 12, we might well ponder some of the things he has said, which, like most of his utterances, are peculiarly applicable to our times.

On March 21, 1864, in speaking to a committee from the Workingmen's Association of New York he declared, "The strongest bond of sympathy outside of the family relation, should be one uniting all working people, of all nations, and tongues, and kindreds. Nor should this lead to a war upon property, or the owners of property. Property is the fruit of labor; property is desirable; is a positive good in the world. That some should be rich shows that others may become rich, and hence is just encouragement to industry and enterprise. Let not him who is houseless pull down the house of another, but let him work diligently and build one for himself, thus by example assuring that his own shall be safe from violence when built."

On March 30, 1863, in setting aside a day for "national prayer" as requested by Congress, he said, "We have grown in numbers, wealth and power as no other nation has ever grown; but we have forgotten God. We have forgotten the gracious hand which preserved us in peace, and multiplied and enriched and strengthened us; and we have vainly imagined, in the deceitfulness of our hearts, that all these blessings were produced by some superior wisdom of our own."

Yes, after 85 years Lincoln's words are as timely as the day they were spoken.

## MAHATMA GANDHI

When Mohandas Karamchand Gandhi finished his recent six-day fast which had forced Hindu and Moslem leaders to promise peaceful settlement of differences, he declared: "If today's solemn pledge of peace is fulfilled, it will revive my intense wish before God to live my full span of life, doing service to humanity. That span, according to learned opinion, is at least 125 years. Some say 133."

But India's sainted Mahatma was not to achieve his "full span of life." This man who had so often tempted death through his fasts did not die from hunger. Instead, death came from an assassin's bullet — a violent end to the great apostle of non-violence.

Ironically, it was Gandhi's insistence on non-violence that led to his assassination. Tens of thousands of Hindus whose families have been slaughtered or abducted by Moslems are bitterly opposed to peace. They want revenge. He was killed by a Hindu.

It remains to be seen what will happen now in India. At first glance, it would appear that his stabilizing influence has been lost. Yet, it is not improbable that his spiritual prestige will remain undiminished and will continue to have a sobering effect on the dissident factions.

The world must earnestly hope that it will.

## VETS ARE GOOD RISKS

When the G.I. Bill of Rights was passed by Congress two or three years ago with its provisions for low-cost loans to veterans, some people were afraid that Uncle Sam was going to get stuck with a lot of bad debts. They seemed particularly concerned with the provision that would enable a vet to finance the purchase of a home without making any down payment.

Well, on the basis of what has transpired thus far these fears were groundless. At least, the experience of California financial institutions which have advanced funds to ex-servicemen has been very favorable. In appearing before a joint congressional committee on housing not long ago, E. A. Mattison, executive vice-president of Bank of America, revealed that out of 7,000 loans to veterans totaling more than \$600 million only 42 defaults had occurred involving about \$25,000. And he expressed the belief that even on these defaults it was quite probable that the Government would not suffer a loss.

These statistics are a good indication of the responsibility and sincerity of the men who fought in World War II. A little calculating shows that only one ex-G.I. in about 2,000 has been unable to meet his obligations.

A congressman remarked that the record was really phenomenal. It is just that.

## ONE IN SEVEN

No less an authority than George Gallup, public pulse taker extraordinary, estimates that 70 per cent of the American voters have already decided which presidential candidate — Republican, Democrat or Third Party — they'll vote for next November.

Of the remaining 30 per cent he believes that about half of them will make their choice before the election campaign gets under way. That would leave 15 per cent undecided. If his estimates are correct — and they should be reasonably so — the political parties will spend their campaign millions just to convince one voter in every seven. Of course, that seventh voter really swings the election.

Consider 1944, for example. Roosevelt got roughly 54 per cent of the popular vote and Dewey got 46 per cent. Assuming that 15 per cent of the voters sat on the fence until they had heard all the arguments, it is apparent that if only one in three of this group had chosen Dewey instead of F.D.R. the former would have won.

So, when the big "circus" starts next fall remember that while it entertains the many its real purpose is to sway the few.

Boys Celebrate  
Boy Scout Week  
Throughout Nation

More than 2,120,000 members of the Boy Scouts of America throughout the nation will observe the 38th anniversary of the organization during Boy Scout Week which opens Friday, February 6, and continues through Thursday, February 12. The anniversary will be celebrated in every city and town and most villages and hamlets throughout the nation and its possessions. It is young America's largest birthday celebration.

The theme of Boy Scout Week this year is, "The Scout Citizen at Work . . . in his home . . . in his community . . . in his nation . . . in his world." Scouting activities for the year beginning with the birthday celebration will be related to this theme.

"Bushels of Food" Plan  
The nation's Boy Scouts are engaged in the program of saving and producing food to alleviate the world's food shortage. As part of his service program this year each Boy Scout is expected to "save a bushel, grow a bushel, share a bushel" of food. Each Cub Pack, Boy Scout Troop, Senior Scout Unit, will share in a "Report to the Nation" that will tell of their community services last year and their program for this year. The report will be made to the President of the United States, to Congress and to the United Nations.

Program for the Year  
In addition to conserving food and natural resources, the Boy Scouts will emphasize safety and fire prevention, home repairs and personal health. Through their World Friendship Fund of voluntary gifts the Scouts have sent more than 3,000 tons of supplies to help Scout organizations overseas to rebuild. This is to be continued throughout 1948.

Scouting is having a rebirth in many of the countries ravaged by the war. The Boy Scouts International Bureau in London reports a world membership of 4,409,780 boys and leaders in 42 nations.

World peace and mutual understanding is an objective of Scouting. Through World Scout Jamborees and the resultant expanding interest in friendships, understanding and personal relationships through correspondence these aims are increasingly being met. The Sixth World Jamboree last summer brought 30,000 Boy Scouts and leaders together in France from 38 nations.

The Boy Scouts of America is the largest group in the World Scout Brotherhood. Its 2,120,000 Scouts and Leaders are members of 65,500 units. They in turn come under the jurisdiction of 545 local Boy Scout councils which provide training, leadership, and Scoutmaster activities and Courts of Honor to mark individual growth through the grades of the various programs.

In San Francisco, Boy Scout Week will be celebrated with most units in the Scout Family holding "Open House" for the mothers and fathers of the boys and of course with an invitation to the general public to attend.

February 8, the actual anniversary date of the original incorporation of the movement in Washington, D. C., will be marked in countless churches of all denominations as Boy Scout Sunday. Scouts and Leaders will attend church services in uniform. Those of the Jewish faith will hold their observance in synagogues and temples. Many sermons, addressed to the Scouts, will touch on some aspect of the birthday theme.

## Mustard Plants

The mustards, members of the Brassica family, are cousins of the cabbages, cauliflowers, turnips, radishes, brussels sprouts. Mustard seeds vary in color from pale yellow to black. The black belongs to a wild variety, common as a weed in many parts of the country. Yellow, oriental and brown are the cultivated types.

## Clearing Freedom's Trail

## Hot Potatoes

The best way to serve all potatoes is quick-cooked and steaming hot, for the longer they stand exposed to the air the more vitamin C they lose.

## Heavy Producers

Farmers in the U. S. have produced the equal of 10 years' normal corn crops in the past seven years.

## Ruins Farm Buildings

Each year, 40,000 American farm buildings are ruined while every day 10 Americans die as a result of farm fires.

## Sauerkraut Retains Vitamin

The fermentation process in the making of sauerkraut has little, if any, effect on the vitamin C content of the cabbage.

YOUR NATIONAL GUARD DIVISIONS  
CONTINUE THE OLD TRADITIONS

This is the ninth of an historical series on the Infantry and Armored Divisions of the new National Guard. This series is presented to acquaint you with the organizations which will take their place on the national security team with the Regular Army and the Organized Reserve.

34th INFANTRY DIVISION—The 34th Infantry Division, which made its mark in World War II as the first American Division to be sent to the European Theater of Operations, will enhance troops from Iowa and Nebraska in the new National Guard.

Two colonial and historic Infantry regiments—the 133rd and 168th from Iowa, and the 124th from Nebraska—will form the nucleus of the new "Red Bull" Division.

The 133rd Infantry is actually older than the Division under whose colors it serves in the new National Guard, having been organized as the 1st Infantry on Independence Day in 1915.

After Mexican border duty, the 1st was redesignated the 133rd and served in France with the 34th Division until February, 1918, principally in occupation duty.

The 134th Infantry of Nebraska has an outstanding history behind it, although under various designations. Originally grouped in 1881 as the 1st Infantry, its nucleus came from several organizations with Civil War service. During World War I, the 134th served with the 34th Division and received no less than three Distinguished Unit Citations for action in France.

With a three-war record behind it, the 168th Infantry is expected to contribute largely to the success of the 34th Division's peacetime program. To the credit of the 168th, in addition to its outstanding contributions to World War II victory, was also service for action in Manila and Malaya in the Philippine Insurrection, and for Champagne-Marne, Meuse-Argonne, St. Mihiel, Lorraine and Champagne in World War I.

While its inception came about too late to take an active part in World War I as a Division, the 34th really came into its own in World War II. Landing in Algeria on November 8, 1942, the 34th went through some of the heaviest fighting in the North African offensive. Shortly after the rapid advance, many units were pulled out for several purposes in opening the Tunisian campaign.

Through a great many of its men saw bitter fighting, the 34th did not function divisionally again until March of 1943, when it once more resumed the offensive in the Chetia-Medja el Ajan sector. On May 1, 1943, a brilliant victory of the 34th—capture of 12,000 prisoners—was completed; from then on the 34th pushed the Germans back until the end of the Tunisian campaign on May 11.

Vicious fighting in Salerno, Cassino and Anzio followed until, in September, 1944, the Division was in the vanguard of the American assault on the Nazi Gothic Line. In October the 34th dug into defensive positions about eight miles south of Bologna, felling out the enemy and waiting.

The new year brought more activity, and by February, 1945, plans were underway for the drive against Bologna. In March the 34th began the slow but steady drive which developed into a headlong retreat by the Germans. At the war's end the Division could take credit for having helped liberate thousands of square miles of Italy with a record of more than 500 combat days.

Unit citations for distinguished service now fly from the guidons of 1st Battalion, 133rd Infantry, the 1st Battalion, 168th Infantry, and the 2nd Battalion, 168th, for action in Italy.

Kay Erickson And  
Robert Schene Wed  
In Saturday Rites

Miss Kay Erickson, charming young daughter of Fritz Erickson, manager of the local Bank of America branch, gave her hand into the keeping of Robert E. Schene, of Burlingame, in a Saturday afternoon vow exchange at the Old St. Mary's church in San Francisco.

The bride, who was escorted down the aisle by her father, wore a white silk crepe gown styled on old-fashioned lines. Her finger-tip veil, edged in lace, fell from a beaded crown. White carnations, bouvardia and orchids made up the wedding bouquet.

Mrs. Joseph O'Malley jr. (the former Barbara Baymiller) donned a dress of aqua moire taffeta for her role as matron of honor. Her flowers were red carnations.

Greta Erickson and Pat Dunn, bridesmaids, were frocked in rose taffeta with matching headbands, and carried red carnations. Sonja Erickson, the bride's younger sister, and junior bridesmaid, carried similar flowers with her white gown.

A peacock crepe street-length gown was worn with a flowered hat by Mrs. Erickson, mother of the bride. Mrs. L. E. Schene, the bridegroom's mother, chose fuchsia crepe with black accessories.

Donald Schene of San Mateo stood as best man for his brother. Ushers were James Schene, Chelton Kennedy, Joseph O'Malley jr., and Jack Christopher.

The Burlingame Women's Club was the scene of a reception after the ceremony.

The new Mrs. Schene chose a glen plaid suit and brown straw bonnet for her going-away costume. After a honeymoon at Soda Springs, the newlyweds will make their home in Burlingame.

Kay, a graduate of Burlingame High School and San Mateo Junior College, attended the University of California where she resided at Stern Hall. Robert, who also was graduated from Burlingame High, took over management of the L. E. Schene Livestock Commission Co. after his release from the U. S. Navy.

## Seasickness Not Mental

Seasickness is not merely mental. Such would be the conclusion from navy tests comparing the attacks of mal de mer suffered by soldiers who took pills—one set of pills made of sugar and the other three containing varying percentages of a sedative called hyoscine. In moderate seas, the sugar-pill patients were eight times as likely to be seasick as those who took the hyoscine. In rough weather the protection was not so marked.

## Overestimate Coins

Dr. Jerome S. Bruner of Harvard university finds that children see coins bigger than they are. His subjects were 10-year-olds who had to adjust a variable circle to the sizes of different coins placed near it. The bigger the coin the more the children overestimated its size. Poor children saw the coins bigger than the rich and both groups overestimated the sizes. When disks were used instead of coins, only small random and constant errors were made. When no coins were used and the children worked from memory, the sizes were again overestimated. With the rich children making the circles markedly larger. Poorer children overestimated the size more when real coins were used.

## Oldest Farm Paper

The American Farmer magazine, believed to be the first agricultural periodical published in the U. S., was started at Baltimore, Md., in 1819.

To the wife of Ernest Hartl, 526 Bellevue avenue, January 26, a son.

To the wife of Emil Kaufman, Colma, January 24, a daughter.

To the wife of Joseph Lufano, 307 Santa Barbara avenue, January 25, a son.

To the wife of William J. Moore, Colma, January 18, a son.

To the wife of Louis P. Ferrando, 753 Brunswick street, January 26, a son.

## CONVALESCING

Mrs. Lillian Bertucci is convalescing at home this week after undergoing a serious operation last month at St. Mary's hospital in San Francisco.

## Job's Daughters To Initiate New Members

A pot-luck dinner in the banquet hall of the Mission Masonic temple will precede the February 13 initiation meeting of Bethel 26, Job's Daughters.

Miss Marilyn McDewitt, honored queen, will preside at the ceremony, assisted by her officers and drill staff.

Miss Inez Kenney is chairman of the evening's program.

## A WORD ABOUT YOUR SOCIAL SECURITY ACCOUNT

If you work for a business or industrial concern, your wage earnings are reported to the Government every three months by your employer. January is the month in which reports are made for the fourth quarter of 1947. This quarterly tax report must include your name, social security account number, and the amount of the wages you earned during October, November, and December. The wages as reported are credited to your social security account. Payments of old-age and survivors insurance which you or your family may receive, in the years to come, will depend upon your wage record. Make sure that your employer knows the name

## A TWO-WAY PROFIT

Having the ignition system gone over and replacing worn spark plugs does more than insure easier starting. Another form of profit is obtained in the impressive guise of gasoline economy.

## TRAFFIC DEATHS

Traffic deaths in the United States per 100 million travel miles in 1946 were at an all-time low of 9.7, according to the National Automobile Club.

## CHECK THIS ONE

Women who marry after they secure their social security cards should have their names changed on the records of the Social Security Administration. A new card with the same number, but showing the correct name will be issued upon application. Inquire at your local Social Security office, 22 North B street, San Mateo.

## First Commercial Hatchery

The world's first commercial hatchery was started in New Washington, Ohio, in 1897. The State now stands fourth in the commercial production of baby chicks with over 700 hatcheries.

## Elephant's Brain Weighty

The brain of an adult elephant weighs about eight pounds.

## IT HAS BEEN SAID . . .

Many brave men are not born that way. They acquire courage by mastering their fears.

**Pure-Blooded Indians**  
More than half Bolivia's people are pure-blooded Indians; most of the rest are mixed Indian and white. Despite the mineral wealth, agriculture looms important in the future. Well-established crops are coca (source of cocaine), cotton, corn, coffee, cacao (source of chocolate), sugar cane, rubber and cinchona (source of quinine).

**Fast Travel**  
More high speed passenger trains are operated in the United States than in any other country.

**Battery Longevity Doubled**  
Engineers report that the average life of the battery, which has 250 different electrical applications, has been doubled in the last 20 years.

**Portable Electrocardiograph**  
The portable electrocardiograph, employing vacuum tube amplification for studying heart currents, was introduced in 1924.

**Pedestrian Deaths**  
Pedestrian deaths in 1945 numbered 11,200 — 14 per cent higher than in 1944.

### Dodge Introduces New Trucks

Among the 248 basic gross vehicle weight chassis models just announced in the new Dodge "Job-Rated" truck line is this B-1-H tractor of 128-inch wheelbase, 15,500 pounds gross vehicle weight (1 1/4-ton nominal rating) and 28,000 pounds gross train weight. The trucks have many new features.

### APPLY THE COLOR TEST

"Color is a clue to many classes of car trouble," states L. G. Evans, general service manager for National Automobile Club. "Take the commutator, for instance. If the surface has a dark brown or bluish appearance, the chances are that the unit is in ideal working condition. A bright copper surface is an indication of abrasion and rapid wear although many motorists are under the impression that this color indicates that the commutator is in good condition. If this color is evident, look for an excessive spring pressure or the presence of some foreign abrasive."

### Keep Coffeemaker Clean

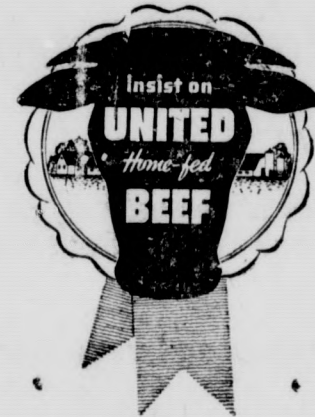

Keep the coffeemaker scrupulously clean. It should be washed with hot suds and scalded every time it is used. This would indicate, too, that it's a waste of coffee to make a large potful to be used for several days. Warmed-over coffee is bitter and unpalatable.

# News Column For The Veterans

Although farm management training under the GI Bill ordinarily is limited to one veteran on a single farm, Veterans Administration has announced three conditions under which two veterans may take this training on the same farm.

This program is part of the institutional on-farm training program which combines classroom instruction with practical farming. To qualify for the farm management instruction, a veteran must own his own farm or have economic control of a farm.

Those veterans who do not own their own farm may take institutional on-farm training as employee-trainees of a successful farmer approved by the farm training institution.

The conditions which will qualify two veterans for farm management training on the same farm are:

1. The approved training institution and VA must find that conditions on the farm will assure successful training and subsequent self-employment on the same farm for both veterans.

2. The training of both veterans must meet all requirements specified in Public Law 377 which established the institutional on-farm training programs.

3. The two veterans must furnish documentary evidence that they have formed a bona fide partnership, with equal authority in the management and operation of the farm.

Under no circumstances will VA permit a veteran to enter training as an employee-trainee on the farm of another veteran enrolled for farm management training.

The new ruling also cautions farm training institutions to exercise extreme care to determine that a bona fide training situation exists for each veteran when more than one veteran is enrolled as an employee-trainee on the same farm.

Almost 87 per cent of the 203,000 World War II veterans enrolled for institutional on-farm training under the GI Bill are training on farms under their control. The remainder are training as employee-trainees on farms approved by the training institution.

Question: Will Veterans Administration pay for tools and equipment while I am taking on-the-job training?

Answer: VA will pay for those tools and equipment that are needed by all trainees for the satisfactory pursuit of the same training course.

Question: Will VA pay tuition for a veteran to attend school while he is taking on-the-job training under the GI Bill?

Answer: Yes, Veterans Administration will pay for such schooling if his course of study is related to the vocation for which he is in training, or if the school course is prescribed and recommended as a part of his job-training program.

## Epiphany Ladies' Whist Series Still Going

Mrs. C. Grandemange, of the Catholic Ladies' Relief, Epiphany Parish chapter, announced this week that the society's weekly whist game series still is in progress.

The games, sponsored by Mrs. Grandemange, are held at 1:30 p. m. each Wednesday in the Epiphany hall.

Proceeds go toward construction of a new church building.

**Butter Nutritive**  
As far as nutritive value is concerned, butter affords fats and vitamin A.

# SELF-TAUGHT COAST ARTIST

**IN BIG LEAGUE**—Basil Wolverton, Vancouver, Washington, never had an art lesson. Maybe that's why he developed his own, unique "spaghetti and meatball" style of caricature which recently brought him national recognition and art commissions that keep him hustling full-time. He is currently doing caricatures for a series of mileage testimonial ads on Hancock gasoline now appearing in this and other leading western newspapers. He is shown above at work on one of these Hancock customers in his home studio. Wolverton's "Lena the Hyena"—most horrible of thousands submitted in the Li'l Abner comic strip contest—first brought him national fame; then Life Magazine published his now-famous version of John L. Lewis and caricatures of other national figures.

## Greek Church Women's Club To Send Supplies To Destitute Greece

Purchase and shipment of additional blankets, clothing and shoes to destitute families of Greece will be aided with the proceeds from a reception and dancing party, under the patronage of the ladies of the Philothos Society of the Greek Orthodox Church of the Holy Trinity Saturday night in the Terrace ballroom of the Fairmont hotel.

Since the termination of World War II the Philothos women's group has procured many thousands of blankets and articles of clothing, including three hundred pairs of new shoes, and forwarded them to needy groups in Greece, especially in the northern provinces of the country.

A score of Hellenic-American church and fraternal organizations will be represented on the patrons and patronesses' committee for the February 7 benefit dance.

**Few Cars in Japan**  
At the end of 1940 only about 140,000 cars were registered in Japan, consisting of 64,000 trucks, 27,000 busses, 43,000 passenger cars, and about 7,000 smaller cars.

## WATCH THAT WHEEL BASE

The car's wheel base is more than doubled when a trailer is attached," points out Bert Stewart Jr., public safety director for National Automobile Club. "This makes a great deal of difference in allowing proper clearance when driving. The added weight, too, makes a very considerable change in the braking effect. To drive safely requires keeping these two points constantly in mind."

## MADERA NAMED

Madera, county seat of Madera county, grew out of the demand for lumber in the east, declares National Automobile Club, hence its name "Madera" meaning wood in Spanish. A 63-mile flume floated millions of logs from the Sierra to the railroad from 1874 to 1932.

## Electric Eyes Doom Weeds

A mechanical hoe for cotton or sugar beet crops is controlled by electric eyes which spot the weeds or undesirable plant specimens to be exterminated.

**Import Sugar**  
The U. S. produces about 25 per cent of the sugar it uses. It imports 75 per cent mainly from Cuba, Puerto Rico and Hawaii.

## Mussels Get Free Ride

Very young mussels, called glochidia, attach themselves to birds' feet and feathers and thus get a free ride to other waters.

## Growth on Wool

Sponging may remove a light surface mildew growth on wool.

## Gluing Wood

When gluing wood articles, try the clamps of an old clothes wringer to hold them together as they dry.

## More Large Farms

There were more large farms in 1945 than in 1940; about 9,000 more with 1,000 or more acres.

## Waste Food

Rats in the United States annually destroy as much food as can be produced by 200,000 farmers. On the average farm each rat costs the owner about \$2 a year.

## Dairy Income

The farmer's share of the milk dollar is more than one-half of every dollar spent for milk.

## SPORTS

### Year Around Black Bass Fishing Is O.K.

Starting May 1st, California anglers will be allowed to fish for black bass in all waters the year around, it was reported today by the Associated Sportsmen of California.

The State Division of Fish and Game passed the new regulation during its regulatory powers session at Los Angeles, January 30-31.

The Commission also set a statewide opening for trout season from May 1 to October 31, except on streams emptying into coastal waters. Dates for the coastal streams will be announced this week.

The winter limit on salmon was reduced from five to three except for certain specified areas, the latter including offshore waters.

The May 1st opening was set at the urging of President Henry Cline Schmidt and Treasurer Gus Gustafson of the Associated Sportsmen. Cline Schmidt and Gustafson also urged a May 30th opening for Lassen, Plumas, Sierra, Nevada, El Dorado, Amador, Placer and Calaveras counties in accordance with the request from the member clubs in those districts. Although this recommendation concurred with the recommendation of Alan C. Taft, Chief of the Bureau of Fish Conservation, a tie vote on the Commission retained the May 1 opening. The Division of Fish and Game had requested a May 1 opening in sixteen southern California counties and May 30 for the remainder of the state.

Prior to this year there had been seven separate openings ranging from May 1 to May 30.

Striped bass bag limits 25 lbs. and one fish, or five fish in the aggregate — no change in striped bass season. The bag limit on trout remains at 15 per day or 10 pounds and one fish.

**HUNTING REGULATION MEETING**—Chairman N. M. Hughes of the Game Animals Committee of the Associated Sportsmen of California invites all organized sportsmen to send a delegate to meetings at Stockton February 15 and Sacramento March 14 with recommendations for changes in game season and bag limits.

The meeting will be held in the Stockton Rod and Gun Clubhouse at 1:30 p. m. The second is set for the Sacramento Hotel also, starting at 1:30.

#### TIME TO REBORE

When the crankcase begins to emit smoke on hills through the breather tube or the oil filler pipe, it is a sign that the engine gases are leaking past the rings into the crankcase. Motorists are sometimes told that this is due to running on too thin oil and are misled accordingly.

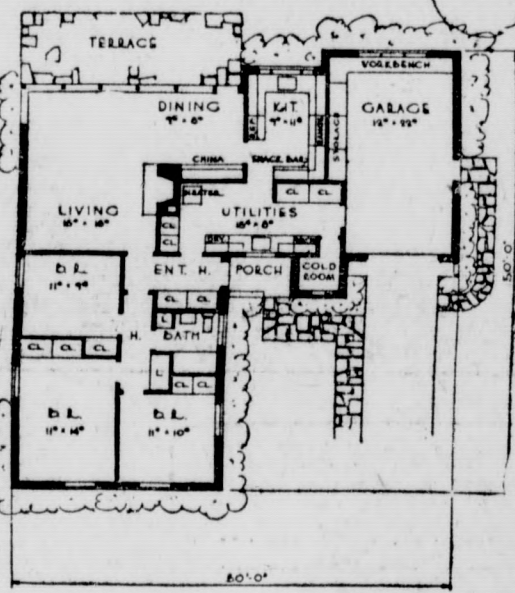

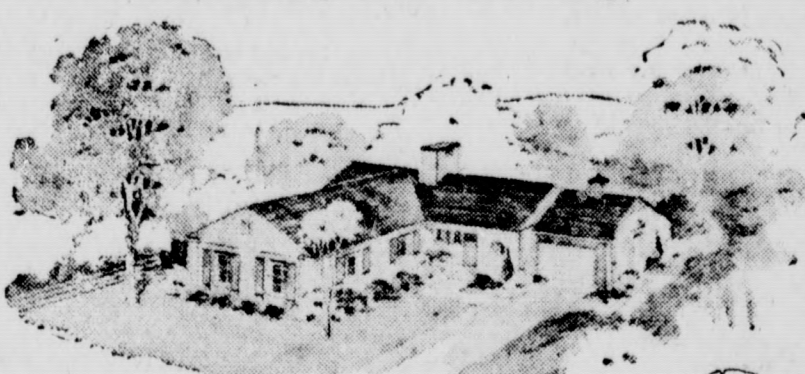

#### Vic Vet says

ACCIDENTS WILL HAPPEN, BUT DON'T LET ONE WRECK YOUR FAMILY'S FUTURE SECURITY - KEEP YOUR GI INSURANCE IN FORCE!

For full information contact your nearest VETERANS ADMINISTRATION office

### L-Shaped Dwelling

The living-dining room in this L-shaped home has great privacy and the continuous glass wall overlooking the terrace and garden extends the living into the outdoors. The entrance hall gives access to all rooms without conflict. The kitchen, utility room and garage have been designed as a convenient work and hobby center. Many built-in storage features are included throughout the plan to provide a "place for everything". It comprises 1440 square feet, excluding garage.

Dwelling shown above is a photograph of a scale model of a "cut-out" home which can be obtained from House Beautiful Magazine for \$2.00. The model is easily assembled, and gives the prospective home builder an actual model of the home he plans to build, complete with "cut-out" furniture.

By studying the scale model, the prospective builder is enabled to determine what changes he deems necessary before the house is actually built, thereby saving needless expense.

Blue prints and specifications of the dwelling shown above can be obtained for \$5 per set by writing House Beautiful Magazine, 572 Madison Avenue, New York City 22, New York.

#### DURABILITY PLUS

It is difficult to think of any part of the automobile that works harder than the wheel bearings, the design and construction of which is worthy of much more admiration than ever is given it by the average owner, state officials of National Automobile Club's service department. Wheel bearings are pretty expensive items in the total cost of a car, but motorists are not aware of this fact because they so seldom are called upon to replace such a part. The truth is that bearings are so designed and built that they will outlast the average car in spite of the fact that they seldom ever are cleaned, generally are under-lubricated, and operate for thousands of miles under unduly heavy loads as a result of incorrect adjustment.

ists are not aware of this fact because they so seldom are called upon to replace such a part. The truth is that bearings are so designed and built that they will outlast the average car in spite of the fact that they seldom ever are cleaned, generally are under-lubricated, and operate for thousands of miles under unduly heavy loads as a result of incorrect adjustment.

### Tax Collector Says File Returns Now

If you have a refund coming from the overpayment of income tax, don't wait until the March 15th deadline to file your return, Collector of Internal Revenue James G. Smyth said today.

The sooner the return is filed, the sooner the taxpayer will receive his refund check.

You may claim a \$500 exemption for all dependents to which you have contributed the majority of support, provided each dependent did not earn \$500 during the year.

Only closely related persons and legally adopted children may be claimed as dependents.

A careful analysis of all allowable deductions should be made by taxpayers before filing income tax returns.

The Collector urged all taxpayers to see Deputy Collectors and avoid last minute crowds during the closing days of the filing period.

### Elks Formal Ball Set Tomorrow Nite

Honoring Exalted Ruler and Mrs. George Baader, the annual grand formal ball of San Francisco Lodge of the Benevolent and Protective Order of Elks will be given Saturday evening at the Elks' Club.

One thousand Elks and their wives and friends will take part in the fete, to be staged in their lodge hall and reception room. The San Francisco Elks' famed Purple Escort, headed by Captain Henry Stieber, will accompany Exalted Ruler and Mrs. Baader to the lodge hall for honorary ceremonies. Eugene J. Corbett is chairman of the evening's festivities.

A large class of candidates will be initiated into San Francisco lodge of Elks tomorrow night, with the Washington's Birthday ritualistic rites. A stag dinner will precede and a buffet supper will follow the initiation.

Three hundred Elks and their families and friends will make up the Washington's Birthday weekend winter sports outing party to Reno and Mount Rose, sponsored by San Francisco lodge. The group will leave here by special de luxe Pullman train Friday night, February 20, and will return to the bay district Monday evening, February 23. Samuel Agosti is chairman of the tour committee.

The traditional St. Patrick's Day stag dinner and show of the San Francisco Elks is set for Wednesday evening, March 17.

### Job-Hunting Classes Offered At Horace Mann

A course in job-hunting techniques is offered this semester at the Horace Mann high school, under the adult education program.

Under the direction of Thomas J. Nesbitt, veterans' counselor at San Francisco Junior College, the course is designed to aid adults with their choice and hunting of work.

Tools of the course are coaching by the instructor, individual conferences, and aptitude and interest testing. The instruction should reveal to the student what type of work appeals to him; his measure of ability, and job suitability.

Classes are held Mondays, Tuesdays and Wednesdays for a period of four weeks, from 7 to 9 p. m.

## OFF THE BLOTTER

A series of accidents which caused minor injury to the persons involved was handled during the past week by the Daly City police. Some accidents were the most numerous.

In the course of a week, police provided transportation to Junipero Serra hospital for a four-year-old boy who hurt his arm in fall at his home; a 14-year-old who fell at home and hurt his side; two-year-old youngster who drank a quantity of Chlorox; two 3-year-old youths who fell from their bicycles in front of city hall, and a middle-aged man who suffered an asthma attack in a local bar.

Three criminal arrests were made during the week.

Earl Hart, 6270 Mission street, was arrested by local police on a warrant from Shasta county. Hart was wanted on a charge of passing bad checks.

Lester King, of San Francisco, was cited Monday night for drunkenness in and about an auto. King was found with two companions in an alleged intoxicated condition in car parked at the intersection of San Jose avenue and Mission street.

S. P. Clifton, 179 Vista Grande avenue, was held on a charge of assault signed by his wife Tuesday night. Trial is set for municipal court session tomorrow.

Three persons received minor injuries last Saturday in an automobile accident at the intersection of School and Mission streets. Leon Elliott and Richard Smith, of Redwood City, and Earl Richmond Halberlin of Skyland were treated at Junipero Serra hospital for injuries sustained in an accident between Elliott's and Halberlin's cars.

**Bright Lights**  
The lighting equipment at New York's LaGuardia Field would illuminate 700 miles of city streets.

## Union Liquor Leads In Newly Formed Jefferson League

Another red-hot night school basketball league has been organized at Jefferson Union high school.

Ten teams, including two from San Bruno, one from Visitation Valley, two from downtown San Francisco, one from the Balboa district, one from Colma and three Daly City teams make up the membership.

At the league's beginning, four weeks ago, the Colma Boys' Club, newly organized team, was dubbed the "team to beat," with only the Johnson's Roofing Co. five proven contenders.

Later developments, however, have proven that any of the four presently undefeated teams may cop the league championship. These are the Union Liquor team, the Sportsmen, Colma Boys' Club and Johnson Roofing.

Two games are played each Tuesday and Thursday — at 7:20 and 8:30, with no charge for admission. Attendance, so far, has numbered about 150, but is steadily increasing.

Tuesday night the Union Liquor five won its third straight game to cop the league lead. The boys defeated the U.V.C.C. 43-27 in a game which was close until the

## Pumping Oil Fields in Reverse

PITTSBURGH, PA.—By pumping water and natural gas into the depths of the oil fields, modern science is bringing 10 to 50 per cent more oil to the surface. This typical cross section shows one way it's done. Here gas is pumped in above the oil pool, and water underneath it. These artificial pressures, from above and below, force the oil to flow thru the sand or rock in which it is imbedded and up the well shaft. Sketch is based on an explanation by Gulf Oil.

## Elizabeth Hailer

Funeral services were held yesterday for Elizabeth Hailer, 80, who died Monday at her home, 967 Hanover street.

The octogenarian, a resident of Daly City for the past 38 years, was a native of San Francisco.

She is survived by a daughter, Mrs. Emma Callen, and a son, George A. Hailer.

Interment was in Olivet Memorial Park, W. C. Lasswell and Co. mortuary handled arrangements.

closing minutes, when "Dynamite" Dunn got hot. Dunn was high point man with 17 digits. Mullins lead the losers with eight.

The second Tuesday night game was one-sided, with Welsh, Denning, Andy Parody, Rode and Fisher all hitting the stride and winning for the Eagles 33-10 over the San Bruno Lions.

The league standing:

## White Nuptials For Doris Veronello, Frederick Nicolini

On a two-week honeymoon in southern California this week are Mr. and Mrs. Frederick Nicolini, who were married Sunday, January 25, in an impressive white ceremony at Holy Angels church in Colma.

The church was a bower of white bows and blossoms for the occasion — one of the largest, best attended weddings held there in many months.

The bride, the former Doris Veronello, was gownned entirely in imported white Venetian lace, with flowing train and finger-tip veil. Her arm bouquet was fashioned of a dozen white orchids.

Anbrogo Veronello gave his daughter in marriage.

A quartet of attendants, all gownned in white satin and carrying bouquets of purple orchids, preceded the bride down the aisle. Maid of honor, Lillie Cardella, carried an identifying cluster of orchids on yellow satin backing.

## Colma PTA Hear Music Selections At Tuesday Meet

"Peter and the Wolf," the classic musical children's tale by Prokofiev, was presented in unique style by students of Miss Genevieve Gannon's class Tuesday for an audience of Colma Parent Teacher Association members.

The presentation was given as the entertainment portion of the association's Founders' Day program at the Colma Community Center. Parents of Jefferson and Thornton school children were assembled for the event.

To the music of the much celebrated record album, regulated by little Edward Dennis, the class added two attractions of its own creation. Word for word with the recorded narrator, Ronnie Cassantini read the story of brave Peter.

A highly original touch was added by Eric Faust, talented young artist, who illustrated the story on an easel facing the audience, as the tale progressed.

Brief intermissions in the presentation were filled with class singing, as pianist Lowell Klaisner played accompaniment. Helen

Bridesmaids were Doris and Gloria Ottoboni, cousins of the bridegroom, and Laura Barghini.

Alby Ottoboni stood as best man for his cousin. Ushers were Ernest Ottoboni, Ray Squeri and Albert Oliveri.

The Rev. James McElligott read the nuptials.

One hundred and fifty guests enjoyed a wedding supper after the ceremony in the Italian-American social club, where an evening reception saw 800 guests delivering felicitations to the newlyweds.

The couple left on their honeymoon during the course of the reception.

The new Mrs. Nicolini, daughter of Mr. and Mrs. Anbrogo Veronello of Colma, had been employed for the past two years as credit authorization clerk for Granat Brothers. She was a 1944 graduate of Jefferson high school.

The benedict, son of Mr. and Mrs. Andrew Nicolini of San Francisco, is a graduate of Balboa high school. A veteran of three years' army service, he now is employed as a florist.

Marchel introduced the act, and Corinne Young recited a conclusion.

The rest of the meeting, devoted largely to memorial tribute to the association's founders, was presented by Mrs. Edward J. Dennis in the absence of Mrs. Lillian Bertucci, Founders' Day chairman.

A traditional candle lighting ritual was conducted by Mesdames Marjorie Dunkel, Nell Dorrance, Pauline Brown, Edward Styskel and Frances Landry.

Gertrude Stanghellini and Marjorie Dunkel, honorary life members, were honored, as was Mrs. H. Sandman, new faculty and P.T.A. member.

Included in the memorial program were two songs, by Mrs.

Dora Bianchini. A good will offering was taken for state extension work.

During the business session, conducted by Mrs. Landry, president, two guest speakers were heard.

Mrs. Sylvia Eastham, school nurse, outlined the proposed health program which would include regular physical examinations. The association pledged its help in promotion of the plan.

Mrs. Dorothy Norley was appointed health chairman, with instructions to organize a study group on health problems.

Mrs. Edward Styskel, first vice-president of the 17th District, recounted for the assembly the founding and early history of the

**High Altitudes**  
High altitudes have been found to cause dental disorders such as toothaches and irritation of the gums, some of which disappear when the individual returns to the ground.

National Congress. Nell Dorrance, trustee, in cooperation with Recreation Director Elman Rose, announced the department's plan for basketball instruction after school at all schools in the area.

Several members declared their intention to attend the high school Founders' Day program February 17, in which Mrs. Irene Chessman will participate.

Mrs. Chessman, hospitality chairman, and her committee served coffee and cake after the meeting. One of the cakes was made and donated by Mrs. Alice Agresti.

## FIRE FIGHTERS FACTS

By Mel Hanson  
Publicity Chairman

### 100% Membership

The Daly City Fire Department again joined the California State Firemen's Association with a 100 per cent membership. The C.S.F.A. is an organization for firemen. This year the annual convention will be held in Santa Cruz, and a number of firemen from Daly City plan to attend. If they attend this convention it will be the first one in 16 years in which a delegation from Daly City participates.

### A Job Well Done Boys

Last Friday evening the Jefferson Grammar School district held its graduation exercises in the Jefferson Union High School auditorium, and the officers and men from Company No. 6 acted as fire patrol for the evening.

During the graduation exercises Mr. R. L. Crane, superintendent of schools in Daly City, publicly thanked the firemen for the fine job they had done during the evening.

### 22nd Annual Banquet For Veteran Firemen

The Veteran Firemen will hold their 22nd annual banquet Saturday evening, February 7, at Company No. 2 firehouse.

These banquets are held in honor of the retiring president of the Association, who this year is George Ford.

The first banquet was held in 1926 in honor of their first president, the late Fritz A. Hanson.

### Not To Far Off (May, 1948)

The Widows and Orphans Association of the Daly City Fire Department announced this week that the Firemen's Ball will be held some time in May. There are four months' notice of our annual ball, so please set aside one night in May for it. You will hear a lot more about it in the weeks to come. Think about it, plan to attend, and, at last, ATTEND!

We know you will enjoy yourselves. Hundreds have, in the past many years.

### Just A Reminder

The ladies of Company No. 1 are holding a whist party at the Veterans' hall February 17 at 8 p. m. Everyone is invited to attend. Vets' hall, 181 Santa Barbara avenue.

### Red And White Helms For Rescue Squad

Company No. 1, better known as the rescue and salvage squad of the Daly City Fire Department, are having their helmets painted red and white, so the members may be easily recognized at a fire.

**Firemen's Uniform Regulations**  
The new Firemen's Uniform Regulations are under advisement at this time and will be given to the Fire Commission for approval. We understand the regulations will follow closely those of the San Francisco Fire Department.

### Now It Can Be Told

Chief Kennedy received an invitation last June 10 to speak at a Fourth of July celebration in Daly City. The invitation read:

You are invited to be one of the speakers of our Fourth of July celebration. The program will include a talk by the mayor, recitation of Lincoln's Gettysburg speech by a high school pupil, your talk and then the firing squad."

### Any Horns????

Last deer season Fred Mather and Tom Joyce went deer hunting. After several days of hunting and no deer, Tom heard a rustling of grass and he fired. Here is the conversation that took place after Tom fired.

Tom: "Hey, Fred!"  
Fred: "You all right?"  
Tom: "Yeah."  
Fred: "That's good. I guess I just killed a deer."

## Gen. Pershing PTA Celebrate Their 19th Birthday

The anniversary of the National Congress of Parents and Teachers and the 19th birthday of General Pershing Parent Teacher Association were jointly celebrated Tuesday in a meeting at the school.

Highlight of the celebration was the awarding of a life membership certificate to Mrs. Steve Holcome, "in recognition of her services" to the unit.

Speaker was Mrs. Stella Jensen, 17th District Founders' Day chairman, who defined the significance of life membership and of Founders' Day.

A candle lighting ceremony was conducted by Mesdames E. K. Whinnen, R. W. Poole, Charles Duckering and Margaret Ross.

Mrs. George Freeland sang, "The Lord's Prayer." Benediction was given by Mrs. E. M. Eliason.

A birthday cake topped with 19 candles was significant of the unit's anniversary.

Past presidents and honorary life members honored were Mesdames Drew Eason, V. Davidson, E. M. Eliason, Charles Duckering of San Francisco, M. Woodside of Redwood City, I. Marquis of San Jose and Miss V. Ingels.

A silver offering was taken for the district's Student Aid fund. During a brief business session, these women were elected to a nominating committee:

Mesdames E. M. Eliason, chairman; E. K. Whinnen, R. W. Poole, Drew Eason and George Freeland.

A life membership whist party will be held next Wednesday at the school, with Mrs. Freeland in charge.

## Stanford Prexy Dies In New York

Stanford University was shocked last week by news of the death of Dr. Donald B. Tresidder, university president, while on a visit to New York.

Dr. Tresidder had gone to the eastern metropolis to attend a meeting of the Association of Universities' policy committee, of which he is chairman.

Dr. Thomas A. Gonzales, New York chief medical examiner, said Dr. Tresidder suffered from a coronary condition, according to his autopsy.

Dr. Tresidder, a native of Tip-top, Indiana, was named president of Stanford University in September, 1943. Among his accomplishments there was the abolition of women's Greek letter societies—making Stanford the first western university to ban such social societies.

The educator had been a guest of James B. Conant, president of Harvard University, at his Boston home after the committee meeting.

## NEWS FROM THE SCHOOLS

### WOODROW WILSON

The students of the seventh grade are studying the Hebrew people. The first great hero of the Hebrews was Abraham, a shepherd who lived in a Babylonian city called Ur. The Bible tells us that Abraham left Ur with his family and went westward. He finally reached the land of Canaan. Today this land is called Syria and Palestine. It is also called the "Holy Land." The students, in studying current events, again find that Palestine is in the news.

The students of the low seventh and high sixth are finishing the study of countries of South America with the showing of colored slides and a map test.

All of us are looking forward to promotion. We have worked hard all of the semester. This is our reward. All of the low sixth grade will pass to the high sixth and will have Miss Day for their teacher. The pupils passing from the high fifth to the low sixth will keep Mr. Edwards for their teacher.

The fifth grade boys and girls are finishing their unit on California. They were interested in finding that manufacturing is the state's most important business. They found that climate has a great deal to do with man's energy and is one of the reasons for California's large industries.

The boys and girls of the high fourth are bringing clippings from newspapers to school to read and discuss the centennial celebration in Coloma and other California towns commemorating the founding of gold in California 100 years ago.

The members of the low fourth enjoyed a piano concert played by members of the class. Those who took part were Bertha Bergman, Ruth Frensborg, David Ochander, Lorraine Johnson, and Billy Johnson.

The pupils of the high third and low fourth grades have been completing their study of a cattle ranch. They have learned that today cattle ranches are surrounded

## JEFF HI SPORTS

### BLOCK 'J' SETS DATE FOR ANNUAL BOXING TOURNAMENT

Members of the Block J society of Jefferson high school will don their gloves March 3 and 5 for their annual boxing tournament. Semi-finals are slated for the 3rd, with the finals set after a day's leave.

The boxing tourney, held every year since 1942, has proved itself in popularity and financial production. Each year, proceeds from the fights have augmented the school's supply of athletic equipment.

This year's tournament will conclude a period of boxing instruction which was started in January under the supervision of the physical education department. Purpose of the training has been to develop coordination between mind and body.

According to boxing instructors, no actual fighting is involved in the course except for the tourney. Training is entirely voluntary.

Ten classifications in the tournament will begin at 80 pounds and under; through the middle, light heavy and heavyweight classes.

Additional information on the tournament and ticket sales will be published in future editions.

by fences which are built and repaired by the cowboys. They have learned why these fences are necessary. The children of the low fourth have been reviewing what they have learned about California this past semester.

Our last project of the term is our Jungle Animal Book which the children hope to complete this Friday. These children will be in the high third grade next week and are looking forward to their new term and subjects.

### CROCKER

Students of the L5 grade welcomed a new girl to their class, Elaine Ball, from Tucson, Arizona. The fifth and sixth grades are concluding their study of Mexico. All are surprised to find how many Spanish names we know. The children have discovered that not only have we traces of Spanish architecture in our city, but also street names, words in our own language, foods and a very colorful history.

H6-L7 — We are glad to welcome Andrew Uranich back after a siege of illness. L7-H7 — Maryann Lund toured with her family to San Anselmo over the week end.

## MANY CHANGES AND DEVELOPMENTS IN D.C. SAYS FORMER MAYOR

After a week at home, following his absence from Daly City for more than a year, Capt. Paul Green remarked that the changes and developments in the city were perhaps more apparent to him than to those citizens who have been at home and watched the development on a day to day basis. "It's just like the growth of a baby," Green stated. "To parents, who see the child every day, there seems to be only slight change, whereas friends and relatives who

may not see the baby for several months are always cognizant of an outstanding change in appearance and actions."

Pointing out that the population of the city is now approximately 12,000 persons, the former mayor observed that a special census taken in 1946 reflected a population of 11,666, an increase of more than 20 per cent over the 1940 census figure of 9,640 residents.

"With relatively few residential building sites left remaining in the city, before very long Daly City will have reached the saturation point concerning the number of homes within the city," he said.

"The opening of real estate subdivisions in the unincorporated area west of Daly City has naturally led to rumors of possible annexation of those areas by the city," Green stated, "but upon checking with the city council I find that no official petition for annexation from any area has been presented to the governing body."

"In 1946 I remember that the developers of the Broadmoor tract commenced negotiations to annex that property to Daly City, but the developers dropped the matter when some of the conditions of

their proposal for annexation were objected to by the council and by private citizens at a public hearing held at the city hall. The developers wanted to put in their own water mains, add 15 per cent for engineering and overhead, and wanted the city to repay that cost within two years. This, of course, would have run into hundreds of thousands of dollars, which would have had to come out of the pockets of the present residents of Daly City.

Other objections at that time were the real estate developers' demands that the city guarantee bus transportation to the new area on a half-hour basis once fifty homes were occupied, and the developers' refusal to make provisions for parks, playgrounds and schools, plus the developers' desire to pay taxes only on an acreage basis until homes were actually occupied.

The ex-mayor, who expects to be separated from the army within 60 days, expressed his belief that in the future, if suitable annexation conditions were presented whereby the new areas would pay their own way without causing tax increases to the old-time Daly City residents, an election could be held to determine the wishes of the people on the matter.

## Forty And Eight To Sponsor Whist

The monthly Whist Social of the Forty & Eight Society of the American Legion will be held in Burlingame Saturday evening.

Chef de Guerre Warren Andrews of South San Francisco and Chef de Train Harry Hooper of Brisbane have completed arrangements for the affair and committees have been appointed to conduct the various features of the evening which includes sixteen hands of whist, followed by refreshments, with dancing and games concluding the program.

T. Louis Chess of San Mateo is serving as general chairman for the occasion.

## Republican Women Have Luncheon With Oakland Unit

The San Mateo County Council of Republican Women were entertained by the Oakland unit at luncheon in Oakland's Leaning-ton hotel January 28.

This was the first quarterly meeting of the Northern California Division, California Council of Republican Women.

Speaker was Stuart Ward, formerly of Belmont, secretary of the Commonwealth Club. His topic, "America's Foreign Relations," was well received.

Those attending from San Mateo were Mrs. Henry Voelker, Mrs. W. J. Haynes and Mrs. Florence Clark of Burlingame. Mrs. Eleanor Larke of San Mateo, Mrs. C. V. Taylor of Menlo Park, Mrs. Harold C. Stearns, Mrs. Emma

## Martha Price Dies

Martha P. Price, 83, died last Saturday at the Episcopal Home in San Francisco after a long illness. She had resided at 1216 Leavenworth street.

The deceased, a native of London, England, is survived by a daughter, Dilly F. Price, and two sons, Herbert D. Price and John H. Price, superintendent of Olivet Memorial Park.

Funeral services were held from the chapel of W. C. Lasswell Co. Entombment was in Olivet.

### Ripe Hay

The protein content of hay can be increased as much as 6 to 10 per cent if it is cut at the right time.

Carlson and Mrs. Neal East of Atherton.

The next county meeting will be held February 17 and the speaker will be William H. Augustus, clerk of San Mateo county.

## Save Electricity

THE DROUGHT HAS BROUGHT ABOUT AN EMERGENCY IN THE STATE'S POWER SUPPLY!

WE ARE COMPELLED TO ASK OUR CUSTOMERS TO CURTAIL THE USE OF ELECTRICITY IN THEIR BUSINESS ESTABLISHMENTS, ON THEIR FARMS AND IN THEIR FACTORIES.

### HERE'S HOW YOU CAN HELP

#### IF YOU RUN A COMMERCIAL ESTABLISHMENT:

1. Turn off all window lights and electric signs.
2. Use no exterior or interior floodlighting.
3. Use electric power elsewhere only when necessary.

#### IF YOU RUN A FACTORY:

1. Curtail power consumption wherever you can.
2. Avoid use of electricity between the hours of 4 and 8 p. m., the peak load hours, shifting operations to other hours wherever possible.
3. Check your factory and offices to eliminate all waste of electric power.

#### IF YOU ARE AT HOME:

1. Light no unused rooms.
2. Use appliances for as short periods as possible.

#### IF YOU ARE A FARMER:

1. Shut down your pumping plants wherever possible between 4 and 8 p. m., shifting your irrigation schedule to other hours of day or night.
2. Use electrically-powered equipment only when absolutely necessary.

BECAUSE of the record drought there is an abnormal irrigation pumping load in the rural areas. In Northern and Central California this unreasonable demand for electricity now approximates 200,000 horsepower and comes at a time when under normal conditions our system load would be decreasing. The situation in the valleys would, of course, be relieved by heavy rain. Until such relief comes we must ask our customers to curtail their use of electricity in every possible way. Our customers can be assured that we have done and will continue to do everything possible to meet the problems brought about by the record drought.

EVERY KILOWATT HOUR YOU WILL SAVE WILL CONTRIBUTE TO THE GENERAL WELFARE
